

California OES Weather Threat Briefing

January 28, 2019
9:00 AM PST

Day 1: No significant weather is expected.

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

Key Points

01/28/19 - 02/03/19

Monday-Wednesday

- No significant weather impacts are expected across California.
- Weak but slightly enhanced offshore winds will continue in southern CA.
- Light precipitation is possible Tuesday and Wednesday.

Wednesday night-Thursday

- The first in a series of storm systems will likely bring a quick shot of rain to central and southern California.

Friday-Sunday

- A much larger storm system will bring widespread valley rain and mountain snow to the state. Confidence in details is still low, but flash flooding and mountain snowfall travel impacts are both possible.
